

Private Label

- OEM - manufacturing according to your needs
- Your label on our product
- Wide range of packaging options to select from

Tailor Made

- Personalised specifications
- Targeted particle size reduction
- Toll contracting

Product Modification

- Modifying our product to your specific needs
- Granulometry, Milling, Sieving, Solutions
- Low Endotoxins and Various Purity Grades

Packaging Service

- Complying to EU 10/2011 and EU 1282/2001
- Vacuum packaging for sensitive products
- Wide range of material and sizes for pallets, drums, boxes, bottles, containers, IBC, etc.

Contract Manufacturing

- Scalable - from kilo-lab to industrial scale
- Regulatory Support
- R&D studies with Data Technology Transfer

Micronisation & Milling

- Pin miller (200kg/hr, D50 <100 microns)
- Fan beater (200kg/hr, D50 50-300 microns)
- Microniser (75 kg/hr, D50 3-30 microns)

Nutraceuticals Portfolio
2022

Who we are

Striving in the Industry

Quality Chemicals is a European manufacturer of high-purity salts. We aim to provide the **highest industry quality products**, and complement them with **comprehensive services**, to make your raw material acquisition process as simple as it can be.

For over **70 years**, we have been bringing raw materials to important sectors such as pharma, biopharmaceuticals, veterinary, animal and human **nutrition, nutraceuticals**, personal care and oral care, industrial, laboratory reagents, and **baby food**. With two production plants, certified in **ISO** and **GMP**, our 40 registered **APIs** and the continuous development of new ones, Quality Chemicals is the chemicals **partner you can trust**.
